CNLU Library is also using Semiautomated system. KOHA, the Integrated Library Management Software is being used for different housekeeping operations of library from 2012. Right now, we are using the following modules of the software: •</p> <p>Circulation - We use this module for Checkout and Checkin of books to the users of library. We can track the full circulation history of issued books, overdue books and charges, and</p>				

frequently circulated books. The rules and regulations for borrowing books from library has been defined under this module.

- Patrons - This module contains the database of different categories of library users, like students, faculty members, and staff. This database consists their profile, their address and validity and expiry of their library cards.
- Advanced Search/OPAC - In this module, the user can search their required document from the whole database of books, bound volumes journals, reports, and the theses also, with so many search options, like, Author, Title, Publisher, keywords, etc. We can search and retrieve the full list of books available on a subject.
- Lists - This module helps us in making various lists from the database, such as list of books, list of patrons, list of overdue books and fine, etc.
- Cataloguing - It is the most important module of the library management software, as it contains the database of the whole collection of the library. The bibliographical details of any document, such as, author, title, edition, year, publication details, classification number, barcode, price and the also the keywords related to the subject are provided for the speedy and accurate retrieval of the required document.
- Tools - In Tools module we generate and print the labels and the barcodes for books and patron cards through barcode printer.

? Library subscribes various Eresources, that are SCC Online, AIR Database, Lexis India, WestLaw, HeinOnline, Manupatra, JSTOR, CLAOnline, Economic and Political Weekly, and Bar Bench, which can be accessed remotely using Website link.

? Future Strategy:

- Installation of RFID System is under process.
- Updating of KOHA Software.
- Procurement of Ebooks
- Development of Institutional Repository

Apart library MIS, all Students are provided Roll. No. at the time of admission, who are selected through CLAT entrance test. There is class schedule, attendance module, results module, are generated through ESystem. CNLU has develop online payment system.
