The University after due deliberation had decided to re-open the University from 3rd January, 2022 and the classes were going to be held in physical mode.

However, this decision is being taken in the interest of the students So far the physical classes are concerned the students will be informed later on considering the situation prevalent.

The Halls of Residence of Boys' and Girls' hostels of these batches are informed that both hostels will re-open when the classes will start in physical/off line mode.
